Subject: Resignation

Effect this date, I am resigning from my post as President of the Belvedere Social Club. I have asked Elaine Sumnar to remove my name as a signatory on the Belvedere Social Club Checking Account at Citizens Bank, as well as the President of record with The Villages Park and Recreation Department.

Like most of the people in The Villages Shirley and I work hard for our families, doing what was necessary. All the time building our saving so when the time came for us to retire, we could do the things that we have looked forward to doing. The thing is, because of my role as president, we have not been able to do these things we wanted to do.

There is no one to blame for this, except myself. I accepted the position of president before completely understanding what was required. Had I understood what the position entailed, I would have no accepted the position.

I hope you can understand what I'm trying to explain. My resignation is to allow us to do those things that we wanted to do, dreamed of doing. I'm not expecting anything special. Just to allow Shirley and me to be able to do what everyone else can do. The ability to do what we want, when we want and not have to be concern with what's not getting done for the club. In my final analysis making this decision this was my only concern, any other was superfluous.

There is no fault assigned to anyone in or out of the club. If you should encounter someone who puts forward any other justification for my resignation, know that they do not understand what they are saying. You should assume that they are working to further their own agenda.

Should you have any questions or clarification to this letter, please stop by or send an email to me@jayewolfe.com.
